

EXTEND THE LIFE OF YOUR RUGS (not the life in your rugs!)

Mold spores and other organisms can grow into your rug's fibers after a spill, staining your rug and making you sick!

Dust Mites thrive in your rugs and their feces cause severe allergic reactions!

Your Rugs Are Dirtier Than You Think.

It's Time You Had Them Professionally Cleaned By Clarence O'Flaherty & Co.!

Like it or not, your rugs need to be professionally cleaned once a year. When they're not, your rugs play host to everything from **dust mites** to **mold spores** and other **microscopic organisms**. These bugs can make you sick and trigger allergic reactions, not to mention making your rugs look grubby and dirty. The fact is that nearly 100,000 mites can live in a single square meter of rug, calling it home. After all, the saying "Snug As A Bug In A Rug" had to come from somewhere.

It's Wake Up Time For The Bugs! We Will Make Your Rugs Good As New.

Let us clean your rugs using our special rug-sanitizing equipment. Then we'll treat them with our heavy-duty rug protector to make them soil and stain resistant, FREE of charge! When we're done, your rugs will be bug-free and in brand-new shape!

PROFESSIONAL RUG CLEANING STARTING AT JUST € 29.97!

FREE SOIL AND STAIN GUARD WITH EVERY CLEANING!

Kick Out The Bugs And Clean Your Rugs Now!

Just drop off your rugs at our Liosban showroom and we'll make them as good as new in just 3 days. Or, to take advantage of our convenient pick-up and drop-off service, call us at **091 565050**. All rug transport services are free when you mention "It's Wake Up Time For The Bugs".
