iPod Direct Connect

4.0

PROBLEM. SOLVED.

The New Standard In iPod Vehicle Integration

BrandMotion is proud to announce the latest release of our popular iPod Direct Connect vehicle integration kit. Version 4.0 is a substantial upgrade that improves upon device speed, functionality and customer experience.

What's more, with all the improvements we've added, we're keeping the same low price to you, our valued distributor!

- **FASTER!** The new iPod Direct Connect 4.0 is now twice as fast, with a scroll rate of 200 milliseconds (five selections per second)!
- **NEW PLAYBACK MEMORY!** Version 4.0 now resumes iPod playback right where the iPod left off, whether or not the iPod is already connected or is being connected to the 4.0 for the first time!
